Rated 4.8 / 5 based on 719 reviews. Showing our 4 & 5 star reviews.

Real Trading Experience, **without** the Risk

We're a prop firm that provides you with hands-on experience in the trading world. With more knowledge, skills and experience, you can make profitable trades without risking your own capital.

Maven Trading stands out as a top prop trading firm with 1-Step and 2-step Evaluation Challenges.

Why choose a **challenge?**

- **Unlimited potential:** There is no time limit on our challenges.
- **No risky business:** You're using demo funds with simulated capital.

How It Works

You're four steps away from harnessing your trading skills.

STEP 1

**Complete a challenge.**

Prove your trading prowess and complete a challenge. You can choose any of our 400+ pair options.

STEP 2

**Get verified.**

No flukes allowed. Redo the challenge with easier rules so we know the first trial wasn't just luck. *only if you are doing a two-step challenge

STEP 3

**Become a funded trader.**

Congratulations! You've got a simulated funded trading account and you can keep 80% of the profits you make.

STEP 4

**Get paid.**

You can set your payout preferences and withdraw at any time. You can withdraw at any time.

The Maven Platform

**9% Profit Target**

Gets You Funded Faster!

Withdrawal Anytime

Request Payouts Anytime After
14 Days And 1% Profit

Instant Account Reset

Immediately Reset Your Simulated Funded Account (only available after passing the challenge). Everyone Deserves A Second Chance

No Pressure Trading

Take As Long As You Want To Hit Your Goals

Unparalleled Platform

You have the option of trading under the most trusted platform in the industry.

**Charts**

Watch The Markets On Our Platform In Realtime Using Our Trading Integrations.

First in class liquidity providers

Will Give You Lightning Fast Order Placement.

Market leading fees

Spreads And Commissions From Blueberry Markets.

Payouts

Get the most out of your efforts.

We're a prop firm that offers the highest payouts possible by any other funded prop firms in the industry.

You can get paid more frequently with shorter wait times. There's no need to wait for an entire month to get your profits.

- You can request a payout every 14 days with at least 1% simulated profit in your account.
- Your account will reset after each payout with a 14-day waiting time before requesting another payout.

Why work with traditional brokerage services when you can get more out of our prop trading firm?

Diverse trading options at your fingertips

Explore a world of opportunities with Maven Trading. We have 400+ virtual assets, from Forex trading options, cryptocurrencies, precious metals like gold, majors & minors equities, and more. You'll find something that piques your interest.

Frequently Asked Questions

What Is Maven Trading?

Traders who advance to the funded stage are entitled to profits made on their account which will be paid from Maven. Profitable traders are paid a percent of the virtual profits they make while using our capital with no liability on them. You trade and we cover the losses.
